

PETITCODIAC TRAP LEAGUE
WINTER TRAP LEAGUE RULES 2018

1. All shooters must be registered by December 16, 2017.
2. All targets must be shot at the Petitcodiac Sportsman's Club trap field.
3. All shooters must pay \$20.00 which covers the fees for ATA as well as awards; any monies remaining will go to the Club's General Revenue.
4. In addition to the fee noted above all shooters are required to pay for each round shot (as usual).
5. Shooters must shoot a minimum of 50 sixteen yard singles as well as 50 handicap targets (all at the 20 yd. post) each month during January, February, March and April as well as 50 sixteen yard and 50 handicap targets on May 5, 2018.
6. All shooting must occur on a PSC regular shoot day and there must be at least two shooters who are registered in the league in order to register the targets as league targets.
7. Each shooter desiring to register his/her targets must indicate to the referee that he wishes to register the targets as league targets before shooting.
8. The last league day will be Saturday, May 5, 2018. (See item 5 above)
9. Shooters may shoot more than the minimum targets required in item 5 (above) if they wish.
10. Scores will be tabulated on the final day (May 5, 2018) and awards will be presented based upon the Lewis System.
11. Should weather or other conditions make it impossible for shooters to shoot their monthly targets then all requests for variations must be referred to Larry Kinden and Ron Whitehead who will make all final decisions.
12. This is an ATA Registered League and all scores shot by ATA members will be forwarded to the ATA and can be used to attain target minimums for registered shoots or for lifetime targets. (It is not necessary for shooters to be members of the ATA in order to participate but it is hoped that most will join the ATA).
13. Scoresheets **must** be used at all times.
14. Normally targets will be shot on regular shooting days but other arrangements can be made if the shooter will be away or there are poor weather conditions.
15. ATA rules must be followed at all times.

NOTE: Only the scores for 16 yd. singles will be forwarded to the ATA since handicap targets shot in a league cannot be registered.

Special prizes will be given to ATA registered shooters at the end of the league.
