WELCOME MESSAGE

On behalf of the Atlantic Provinces Trapshooting Association and our Satellite Shoot Host Clubs, we would like to welcome all shooters and their guests to the 2020 Atlantic Provinces ATA Provincial Trapshooting Championships.

This year's shoot will be held using a satellite shoot format with clubs in NS, NB and NL designated as Satellite Shoot Host Clubs. Provincial COVID-19 rules, restrictions and regulations make it difficult to have a safe one location shoot. Although not the preferred shoot format, a satellite shoot format seems to be a viable option for this year. Please note that it is our intention to return to the Highland Gun Club in 2021 for the 2021 Atlantic Provinces ATA Provincial Shoot.

Stay safe, good luck and good shooting.

Andrea Bassan
President
ATA Delegate

2020 Atlantic Provinces ATA Provincial Shoot

GENERAL INFORMATION

This shoot is sanctioned by the Amateur Trapshooting Association (ATA) and the Atlantic Provinces Trapshooting Association (APTA). ATA rules will govern shooting in all events.

Shoot Management insists on safe gun handling at all times. Shooters who enter the competition agree to abide by the ATA and Satellite Shoot Host Club safety rules. Violators subject themselves to disqualification, without recourse, and may be required to leave the grounds.

Shoot Management reserves the right to reject any entry or change the program as conditions warrant. Shoot Management also reserves the right to disqualify, or refuse entry to anyone who interferes with or disturbs the harmony of the shoot in any manner.

Please show courtesy to other shooters by refraining from loud or boisterous conduct while behind shooters still competing on the firing line, especially during the handicap events. Your cooperation is appreciated.

REGISTRATION

Shooters are asked to presquad and preregister with their local Satellite Shoot Host Club no later than August 28, 2020.

CLASSIFICATION AND HANDICAPPING

Classification Committee

Andrea Bassan (NL)	Doug Blades (NS)	Terry LeBlanc (NB)
Troy Coldwell (NL)	Janaya Nickerson (NS)	Larry Kinden (NB)

Classification will be determined by current target year average and known ability. Known ability will consider official shooting averages, non registered scores and any other information determining a shooter's ability. All shooters are requested to have their ATA Average Card up to date before presenting to the Classification Committee for classification. Up to date Average Cards printed from the ATA's Shooter Information Center will be accepted for classification.

Penalty Classification

Singles: Shooters without a current average will be classified using known ability and their last established yardage.

Doubles: Shooters without a current average will be classified using known ability and their last established yardage.

Handicap: Shooters will be assigned a minimum yardage as per ATA rules governing new shooters or last established average—whichever is higher. Penalty yardage based on known ability will be assigned at the discretion of Classification Committee.

SPECIAL CATEGORY DECLARATION

It is the responsibility of special category shooters to ensure that their special category has been noted on their entry form prior to cashiering for the first event entered. Once Category declarations have been made by the shooter or shoot management, the declaration is final and cannot be changed. There shall be no exception to this rule.

Any Category Shooter tied for event Champion may shoot-off/carry over for the Championship Trophy. If the Category shooter fails in the trophy shoot-off/carry over, they will fall back to the declared Category. A Category shooter whose score qualifies for a trophy in their declared Category, may not fall back to place or class. Where there is no Category Trophy offered, the Category shooter is eligible to shoot for Class / Place trophies without forfeiting their special Category status should they lose. Any Category Shooter whose score does not qualify for a trophy in their category may compete for place, or class trophies.

TIES AND SHOOT OFFS

All Ties in the Championship events 1 - 4 will be resolved by shoot-off as per ATA rules.

SHOOTER'S RESPONSIBILITY

Each shooter is responsible for checking their score as posted and to make sure their money options are indicated properly. No score will be changed once the Purse or Option monies have been posted.

Due to the number of shooters expected, and in an effort to complete the events in a timely manner, shooters are requested to be at the shooting line promptly and prepared to shoot after the previous squad finishes shooting. Shoot Management also asks that squads move through events without any unnecessary delays or breaks. Your cooperation is appreciated.

TARGET SETTING / TARGETS

The Target Setting Committee will set targets each morning and for event changes. Targets will be set in accordance with ATA rules and shall only be reset if they vary from ATA standards. The final decision on whether or not a trap is to be reset shall be made by a member of the Target Setting Committee.
